

March 2011 – Kelly Seelig, Director, Corporate Marketing, **Bloom Energy** -

“Stephanie is a pleasure to work with, not only were her design ideas amazing but her attention to detail during the move helped it all happen flawlessly. In addition, and one of the main reasons she became an invaluable partner, is her conscientious work ethic. She's always the first one there looking at the work to assure it is top quality. With everything else I had going on, I felt like the project was always in good hands with Stephanie.”
